### Ten Things New Teachers Need

What are the ten things new teachers need? What are the things that make or break the beginning teacher in that first tough year? Exploring just what it is that that new teacher needs to succeed, participants identify and prioritize those that seem most critical. Utilizing active, engaged learning activities that transfer immediately into the K12 classroom, participants begin the discussion about how to support the novice in relevant practical and meaningful ways. User-friendly ideas address instruction, curriculum and assessment issues, as well as the foundational arenas of classroom management and discipline. Enhanced with video clips to spark reflective dialogue, this “new teacher session” taps into the key concerns of those just beginning their teaching careers and provides the catalyst for support for those who are in mentoring and coaching roles. Based on the book, *Ten Things New Teachers Need*, this provides a dynamic kick off for eager new staff members.
